Palazzo Pant Measurements

(For all female members except Ballet, Theater, and Art)

Females attending the November rehearsal will be measured by a representative. Those NOT in attendance in November, or who miss being measured: complete the following and return with this Uniform Order Form by December 1.

Each pair of palazzo pants will be specially made for each female member. Therefore, you must complete the following form with specific waist, length measurements, height, and heel height. Please follow the measuring instructions below to ensure a perfect final product. Blue Lake cannot be responsible for wrong measurements.

It is best to take these measurements over the undergarments that will be worn with the pants, not over street clothes. Use a cloth/flexible measuring tape.

- **Waist:** Measure just above the hip bones at the natural waistline and round up to the nearest inch. Do not measure over the hip bones.
- **Seat/Hip:** Measure at the fullest (largest) part of the seat/hips and round up to the nearest inch.
- **Height:** Should be taken in bare feet and should be rounded up to the nearest inch.
- **Heel Height:** Indicate height of heel on shoes that will be worn with pants. Do not add this to the Height Measurement. (We recommend no more than a 1" heel.)

Round up to the nearest inch.

Waist: _____

Seat/Hip: _____

Height: _____

Heel height: _____
